

FK-661ML--UL Exit light--standalone

STANDARD FEATURES:

Certificate:UL E345524

High precision molded thermoplastic housing and Fire retardant ABS base.

3 hours battery back up with high active LED light source.

High brightness, long life

Economical reliable and safety

Universal installation and easy maintenance

TECHNICAL PARAMETERS:

1. Input voltage: 220-240VAC 50/60HZ

2. Input power: 6W

3. Light Source : SMD3030/8PCS

4. Battery Specification: LiFePO4 26650 3.2V/3400mAh

5. Emergency Duration time: >3 hours

6. Working mode: maintained type

7. Viewing Distance: >30m

8. Working temperature: -5 °C -45 °C

9.Installation:surface/recessed mount

10.Dimensions: 250mm*108mm*50mm
