

FK-680L (white/black) UL EMERGENCY LIGHT-LED BULBS

STANDARD FEATURES:

Certificate:UL E345524
High precision molding housing,
fire retardant ABS housing, white/black
Innovative,Universal mounting
Longlife LED light source
Fully adjustable square shape light

TECHNICAL PARAMETERS:

1. Working voltage: AC120V/277V 50/60Hz
2. AC power: Max 6W
3. Charging time: 24 hours
4. Emergency duration time: more than 3 hours
5. Light source:2x10pcs LED
6. LED: 3.2V/2WX2
7. Battery: Lead-acid 6V4.5Ah
8. Working temperature: -10°C---50°C
9. Battery overdischarge protection
10. Charging LED indicator and test button
11. Installation: wall or ceiling mounting
12. Working humidity: <90%
13. Inner box packing size: 13.7x10.7x41.6cm
